

GILMAN HEADS WAR VETERANS

McElroy Eliminates Himself Before Ballot Is Taken.

DEMANDS PROBE OF CHARGES

Rochester in Line For 1911 Encampment of the Grand Army of the Republic—Ohio Minister Is Made Chaplain of the United States Veteran Signal Corps Association, Dollars-a-Day Pensions Frowned Upon by Committee.

Atlantic City, Sept. 23.—At the session of the Grand Army of the Republic John E. Gilman of Boston was elected commander-in-chief for the coming year.

John McElroy of Washington, D. C., was the only other candidate, and he withdrew his name before the balloting began. Charles E. Burton of New Jersey was elected senior vice commander-in-chief and William James of Jacksonville, Fla., was chosen junior vice commander-in-chief.

Colonel Gilman was a member of the fighting Twelfth Massachusetts Infantry, enlisting at tender age after he had run away from home. The colonel of his regiment was Fletcher Webster, son of Daniel Webster. The bloodiest encounter of his regiment was at Antietam, where 80 per cent of the men were either killed outright or mortally wounded. He was at the front most of the many days of fighting at Gettysburg and only laid down his gun when one of his arms was blown off by a rebel shell.

The United States Veteran Signal Corps association, civil war division, elected the following officers: President, Colonel J. E. Hineman, Philadelphia; vice presidents, Thomas S. Baird, Philadelphia, and Eli R. Dowler, Pittsburg; secretary and treasurer, Charles D. Marcy, Boston; assistant secretary, James H. Kelly, Albany; historian, J. Edward Brown, Boston; chaplain, Rev. John A. Kaley, North Ridgewill, O.; quartermaster, Romanus Emerson, Boston.

Pension Committee Reports. The pension committee made a report condemning the proposition that congress grant each Union veteran of the civil war a pension of at least \$1 a day for life. The committee made the adverse report on the ground that such pension would be too expensive to the government.

The report recommends that the widows of veterans be given an increased pension, and also advocates that the pensions of veterans above the age of 70 years be increased. The report was referred to the resolutions committee.

Rochester, N. Y., will in all probability be the next encampment site of the Grand Army. The veterans voted to go there if suitable railroad rates can be secured. Los Angeles put up a good fight for the 1911 meet. John McElroy received 215 votes against 673 cast for Gilman, though he withdrew his name. Colonel McElroy created considerable excitement when he jumped to his feet, after he had declined the nomination, demanding the appointment of a committee of inquiry to investigate charges made against his character, connecting him with an alleged scheme of swindling land deals in the south.

ORVILLE WRIGHT FLIES AT DAYTON

Dips Aeroplane In Salute as He Sails Over Father's Home.

Dayton, O., Sept. 23.—With 150,000 persons viewing the spectacle and with cannons roaring and steam whistles resounding about him in cloudland, Orville Wright made his first flight of the aeroplane in his home city. He soared nearly three-quarters of a mile high and made a journey of 25 miles over and around the city in 33 minutes. When directly above the Wright homestead, where Bishop Wright, the father, and other members of the family were assembled, the aviator dipped his aeroplane in salutation.

The Wright brothers had promised that they would make a flight in the city this fall, and when the industrial festival was planned an aviation day was designated. The great audience of home people was supplemented by 50,000 visitors from every quarter of the state. The air was warm and the sky cloudless.

Lowered His Own Record. Columbus, O., Sept. 23.—The Harvester, holding the world's record for trotting stallions at 2:01 3/4, lowered his mark to 2:01 flat in his trial at the Columbus Driving park. Time by quarters, :29 1/2, :59 1/2, 1:29 1/2, 2:01.

MYSTERIOUS

Disappearance Of A Well Known Utica Man

Mystery surrounds the whereabouts of Herbert McCann, 17-year-old son of W. Harry McCann, who disappeared more than two weeks ago. Herbie had been employed in McGaughey's drug store a long time, and he left for Columbus, having an appointment to meet Mr. McGaughey there the following morning to select holiday goods for the store, after which he was to go to Quaker City to visit his grandmother. The young man failed to show up at the Nell house where he was to meet Mr. McGaughey, and has never since been heard from, although his father made search. His grandmother said that she had a letter from Herbert stating that he was coming to visit her, but that he never came.—Utica Herald.

EXCITEMENT

At Granville Over The Finding Of Oil

There is unusual excitement at Granville and in the southern part of Licking county, due to the finding of oil by the Columbus Natural Gas Company in its test well on the Charles Deeds farm, a mile west of Union Station and several miles southeast of Granville, between Newark and Columbus, along the Pennsylvania railroad. This is the first indication of oil yet found in the vicinity, or in fact in Licking county. The oil was found in the Clinton sand and is a high gravity crude. This well had eight feet of sand, with a showing of both oil and gas. After standing for 24 hours the hole filled up several hundred feet with fluid, and the owner's concluded to give it a shot, which they did. The well flows some, but it will be tubed and put to pumping unless the gas pressure will remain strong enough to flow it. Just what the wildcat will do remains to be seen.—Columbus Journal.

FAST

Work Shown By Kenyon Football Team

Gambier, O., Sept. 23.—Bemis Pierce was very much encouraged by the showing of his men in the practice last evening. Twenty-five men showed up in suits, all eager to make a place on the varsity. The workouts of the different squads of linemen and backs were exceedingly snappy and showed marked improvement over that of the first workout.

Coach Pierce is working hard to develop a line. The Kenyon line has always been more or less weak, but the big Indian hopes to correct that deficiency this year.

A new charging machine will be installed in a few days, and coach Pierce says he won't be satisfied until the men can charge against the machine and move it back ten yards in two seconds. Van Coolidge, quarterback on the 1908 team, helped the backs with some new plays, while Simpson, end on the 1908 team, assisted the coach in getting the ends in shape.

The loss of Crippen and Pontius, though a great blow to the team, will not, after all, strike the team so badly, for with Skiles, Downe, Wickham, Henry, Young and Craig all trying for positions in the back field, the chances for a fast set of backs are mighty good. Scrimmage work starts next week, and if all the men go through without injuries, the team ought to start the season with a good victory over Otterbein on October 1.

CANNON

Spurns An Offer To Go On The Stage

Danville, Ill., Sept. 23.—Speaker Cannon is not going to elevate the vaudeville stage for \$3,000 a week or any other amount. The Speaker said so himself this afternoon.

When Mr. Cannon returned home from Iroquois county, a telegram dated at Toledo, O., was handed to him. It made him an offer to go on the stage and make a few remarks about the insurgents.

When a correspondent asked him where he would make his debut, he said: "Oh, —! Somebody is trying to get some free advertising, or some faker is at work. I did receive a telegram from Toledo, but as it was unsigned I threw it in the waste basket. That's all I know about it."

Mr. Kachelmacher owns the Mt. Vernon Railway and Light Company and he desires to be on the ground where his business interests are. The company is now erecting a fine new power house and the property will be entirely overhauled and placed in the best possible condition. Mr. Kachelmacher now resides in East Broad street.—Columbus Journal.

REPORT

Of Citizens' Ass'n Committee On Bridge Works

Find Conditions Are More Than Complied With

And That All Subscriptions Are Now Due

Mt. Vernon, O., Sept. 23, 1910. To the subscribers to the building fund of the Mt. Vernon Bridge Co. Gentlemen:—On the invitation of the president, Mr. James Israel, the executive committee of the Citizens' association and a number of other business men on Monday visited and inspected the new plant of the Bridge company.

You will recall that the terms under which our subscriptions were made provided, substantially, that a main shop 496x85 feet, together with blacksmith shop, machine shop, tool room, power plant and temple shop, were to be constructed, having an annual capacity of 15,000 tons of material and requiring a force, when in full operation, of about 275 men, with the office force. It was further provided that our subscriptions should be payable, one-half on the completion of the buildings, and one-half thirty days after the plant was in operation.

Your committee now has the pleasure to report that all of these conditions have been more than fulfilled. A splendid, modern plant has been erected, the main building of which is very considerably in excess of that provided for in our agreement. This is, in other words, 496x135 feet, instead of 85 feet as originally specified. The plant has a capacity of from 15,000 to 20,000 tons, and is already employing 248 men. For full operation 350 men will be required.

We have further to report that the buildings are now complete; that the plant has been in continuous operation for the past five months, and that, therefore the full amount of our subscriptions are due and payable to Mr. Banner Allen for the Bridge company.

The committee takes this further opportunity to congratulate our citizens upon the magnificent results of their efforts, and to urge it as an example of what can be accomplished by vigorous and united effort in the way of promoting the industrial growth of our city.

L. C. Penn, S. M. Woolson, E. E. Shireman, Ralph C. Ringwalt.
